

Matted Prints

Matted prints are ready for framing and include a premium white mat and mounting board.

Image Size	Mat Size	Price	Shipping
7 x 10.5	11 x 14	\$95	Included within U.S.
10 x 15	15 x 20	\$140	Included within U.S.
11 x 17	17 x 23	\$190	Included within U.S.
14 x 21	27 x 34	\$245	Included within U.S.

Framed Prints

Framed prints include a classic 1" black wood frame with premium white mat. Non-glare acrylic is used instead of glass in order to protect artwork and facilitate shipping.

Please inquire about other framing styles, if interested.

Image Size	Mat Size	Price	Shipping
10 x 15	17 x 22	\$220	\$15 within U.S.
11 x 17	19 x 25	\$270	\$20 within U. S.
14 x 21	29 x 36	\$335	\$25 within U.S.

Please note: Because of differences in computer monitor settings, colors and/or tonality of actual prints may vary slightly from those displayed on this web site.

Ordering

To order, please visit our online store. Online purchases can be processed through PayPal or you may send a personal check. Please allow 10-14 days for delivery, depending on your location and shipping times.

- State sales tax will be added for sales to New Jersey residents.
- Orders may be returned within 30 days of purchase for exchange only.
- Please inquire regarding charges for shipping to locations outside of the United States.

Print Details

- **Image sizes:** Some sizes may vary based on the image, but that variance should be minimal (less than ½ inch).
- **All Prints are signed** and include a premium white mat and mounting board. The size of the mat is proportional to the size of the image selected.
- Your print will be an **Archival Pigmented Ink Print**, which is made using the Epson Stylus Pro 3800. The Ultra Chrome K3 Ink system in the Epson is known for producing archival prints with high density pigments, creating an extremely wide color gamut and smoother tonal balance. The result is a fine art print that is indistinguishable from those created with classic photographic methods. Photographs are printed on archival Ilford Galerie Smooth Pearl paper, producing images resistant to fading or discoloring under proper display conditions.
